Where to eat, drink, shop and stay
during Milan Design Week

Milan Design Week 2023

3 Urban Hive Milan

If you're in town for Milan Design Week then staying in the Brera district, itself a hub of design and cultural activity, is a must. The four-star Urban Hive Milan, formerly the Carlyle Brera, is a 97-key hotel that spreads across seven floors. It's an inviting, informal place that's full of characterful pops of colour and whose design nods to the work of post-war architectural maestros and the city's symbols, from the Madonnina statue to the historic Bar Basso. It's more than just a hotel though – there are co-working spaces, comfortable meeting rooms and a buzzing bar notable for its beautiful semi-circular Canaletto walnut counter with a marble countertop. urbanhivehotels.com
